Good afternoon;

I have just concluded a telephone call with County Counsel Michael Fitzgerald, (in light of COVID -19 issues it has been difficult to reach him) . County Counsel advised that after meeting with the Monmouth County Freeholders, the Freeholders rejected the settlement. As I had represented to you and the Court it was not my understanding that the settlement would be rejected.

I think it would be best to advise the Court sooner rather than later.

Even in light of this information I expect you will continue to want a response, I anticipate that receiving a formal response to the Health Benefit question raised will take more time.
